### History

Chonik Limited was registered in 1991 as a General Services Provider and Business consultancy. Since 2008, it has transformed into a progressive Enterprise providing value-based Business solutions, Logistics and Immigration Consultancy services.

### Vision

To be the preferred service provider and innovator in Business solutions, Logistics, immigration and ancillary services building upon our strengths which are integrity, unique network and excellence of our people.

We will drive our leadership with passion and vigor with a total commitment to providing solutions for customers.

### Mission

To ensure the quality of services for our customers, through professional and timely rendition of services, creating value for Customers, Employees and other stakeholders.

We will achieve this by:

- Providing excellent value-driven services, which enable our customers to enhance their operations, freely conduct their business, minimize risks and improve efficiencies.
- Understanding and exceeding our customers' expectations and delivering needs-based service solutions.
- Creating profitable growth for all our stakeholders by ensuring our services always add value which the client will gladly pay for.
- Setting the benchmarks in our business sector through innovative development, ethical responsibility and superior service.
- Applying state of the art information systems to deliver increased value to our customers.
- Ensuring we function as teams of trained professionals proud of our work and committed to continuous improvement.
- Developing ourselves in an honest, caring, dynamic, rewarding and fun environment. This will ensure mutual satisfaction, growth and profitability for all involved.
